Next to this, team names are not allowed to be references to active organizations, players, people outside their own organization. Team names are also not allowed to reflect negatively on the Ubisoft or Rainbow Six Benelux Cup brand.

## 2. License and Team Composition

### 2.1 License Sheet

This will be the complete listing of players, substitutes and support staff of a team. All teams participating in the Rainbow Six Benelux Cup will have to fill in this license sheet. (All these roles will be discussed in section 2.2)

#### 2.1.1 License eligibility

To be eligible for a license you need to fulfill either option before qualifying:

- Have 3/5 players of the main roster be resident in the Benelux Region (Described in section 1.2.3) and the remaining members be part of the European Region (Described in section 1.2.4)

#### **PRIORITISED OVER THE NEXT BULLETPPOINT**

- Residency:
  - This rule does not take your nationality in consideration, only your residency. So if you are Dutch, but have your main residence in Spain, you will not be considered as a Benelux player. On the other hand, someone from Spain with his/her main residence in the Benelux will however be considered as a Benelux player.
- Have your organization, as a legal entity, be based in the Benelux Region (Described in section 1.2.3) and get permission of Ubisoft NL and EMEA to participate in the Rainbow Six Benelux Cup. (This is dependent on how said organization wants to help develop the Benelux region, rather than just taking advantage of this exception)

### 2.1.2 License conditions

When the license has been obtained by meeting the requirements noted in section 2.1.1 you need to follow the following guidelines to maintain the license, and to prevent it from getting revoked.

- Depending on how the license was obtained maintain the following:
  - If obtained by 3/5 Benelux rule, the license must maintain a 3/5 Benelux line-up during the Benelux Cup.
  - If obtained by organization based in Benelux, this organization needs to remain active within the Benelux (If the organization closes or shuts down, the players lose their license as well)
- Always maintain 3/5 players of the original license sheet submitted at the start of the Benelux Cup
- Do not tally up 5 minor offenses or 1 major offense in the Benelux Cup.

### 2.1.3 Benelux organization 2/5 license

Every team whose HQ is based in the Benelux can apply for the 2/5 license. This means a team with this type of license is allowed to participate in the Benelux organised Rainbow 6 Siege tournaments with only 2 players who have their residency in the Benelux. The Benelux organisation will serve as the 3<sup>rd</sup> Benelux player.

To apply for this license you need to send an email to Ubisoft Benelux representatives. This can be done via: [info@rainbow6bnl.com](mailto:info@rainbow6bnl.com). Every organisation can apply once during each transfer window.

Teams that were granted a 2/5 license for the Benelux League S6 will have to re-apply. The license will not automatically be extended.

### 2.1.4 License being revoked.

If the conditions in section 2.1.2 are not met, Ubisoft reserves the right to revoke the license from the license holder. With this Ubisoft reserves the right to put down a competitive ban to all players and the organization for the remainder of the 2021-2022 esports year (ends after Six Invitational 2022) or beyond that time frame if deemed adequate. This ban prohibits players and organizations to take part in any Ubisoft sponsored event or tournament.

### 2.1.5 Team License

If a team qualifies for the Benelux Cup, the license will be awarded to the players of that line-up where the team captain / manager will be designated as the contact person for this team, and license holder. This person will be responsible for keeping the team in order and maintaining the license sheet. The license sheet is owned by the team captain / manager, but a majority roster must be maintained across each stage of the competitive year. If the license holder leaves the team, Ubisoft will decide whether the team can continue or not, and who becomes the new owner of the license.

The license holder and/or representative is responsible for all actions and commitments of the team. Any changes in the team license must be reported to and accepted by Ubisoft and META before it can be followed through. Failure to report changes in the license or leaving critical information outside of Ubisoft or META BV their reach could result in a punishment and might be awarded a minor offense point or get the license revoked.

### 2.1.6 Changing License Holder

A license holder can request Ubisoft to transfer the license to another person present on the

license sheet during a season if there is an adequate reason for doing so. Ubisoft's discretion will be used to decide whether the reason is deemed adequate or not.

Once the license holder has been changed, the majority roster of the original license must be maintained for the remainder of the current stage and season. If that's not the case, the license will be withdrawn. This restriction is meant as a protection of the players and to promote a stable Benelux scene.

### 2.1.7 Withdrawal of License

Ubisoft has the right to withdraw the license from any participants if the Benelux Cup feels that the participant(s) in question have not followed and behaved according to the guidelines set by Ubisoft and META BV.

## 2.2 Team Composition

In this chapter we will discuss the team composition, the age requirement and responsibilities for each role. To play official matches in the Benelux Cup, all players are required to be 16 years of age or older.

### 2.2.1 Team Positions

#### 2.2.1.1 Team Manager

The team manager must be at least 16 years old, the team manager is responsible for day-to-day operations of the team, such as writing match statements, updating and maintaining the roster for playdays and being the main contact person of the team towards META BV and Ubisoft. This person is responsible for keeping himself, and the team updated with regards to rules and regulations around the Rainbow Six Benelux Cup. The Team Manager is NOT able to play in official league matches, unless also indicated as a player/substitute on the license sheet.

#### 2.2.1.2 Coach

The coach his responsibility is to support the players during official matches. The coach will also be contacted by META BV or Ubisoft in important matters and is thus also responsible in keeping the rest of the team updated. The coach can also give after match interviews and has the exceptional right to request to substitute one of the roster's players in an official match.

In the event a player of a roster, due to exceptional circumstances, is not able to play an official match, with no substitute player of his roster available to replace him, the roster's coach may request the ability to step-in temporarily as a substitute player. A coach may only step-in with the approval of Ubisoft and META and will not be allowed to step-in as a player in case of noncompliance with the eligibility conditions set forth in section 2.2.4.

#### 2.2.1.3 Analyst

The analyst mainly fulfills purpose within the team however he will be held accountable for his/her actions during the Rainbow Six Benelux Cup, meaning that unprofessionalism or toxicity of said person can be punished. The Analyst is NOT allowed to play official matches, unless listed as a player/substitute in the license sheet.

#### 2.2.1.4 Team Captain

This is the captain of the team, this is the only member of the team allowed to file protests, comment about certain issues or debates, or communicate about issues during matches. This person will be the spokesperson of the team whilst matches are being played. Next to this the

team captain can be interviewed after the match and will be the third and final contact point to META BV and Ubisoft, meaning that he carries the responsibility to keep his team updated about rules and regulation changes.

#### 2.2.1.5 Player

Besides the team captain, there will be 4 other main players active within each team. All these members must be over 16 years of age. The players don't have any further rights/duties/tasks in any case, however, will be held accountable for his or her own actions.

A player cannot be a coach, a team manager or an analyst at the same time. An exception can be made for the coach to temporarily step-in as a player, if permitted by Ubisoft and META. This exception is only possible in the event the team does not have enough players or substitutes to participate in a match. The procedure for this can be found in section 2.2.1.7.

#### 2.2.1.6 Substitute

Each team may have up to 2 substitutes on their license sheet. These players are also required to be 16 years of age; if they want to play official matches within the Rainbow 6 Benelux Cup. Substitutes do not have any specific rights, tasks or duties.

#### 2.2.1.7. Player substitutions

Throughout the Benelux Cup, a team may request that one or two of the registered substitute players of its roster replaces one or two of the registered main players of said roster for a given match.

To request a substitution, the coach or manager of the team must notify META at the latest at 13:00 CET/CEST on the play day itself. The notification must mention the name(s) of the main player(s) that will be substituted out and the name(s) of the substitute player(s) that will be substituted in. Following acknowledgement of substitutions for both teams, META will then notify each team of the updated roster of their opponent for said match. No team should be notified of their opponent's final roster for a match ahead of the other, and no team can request a substitution once they have been notified of their opponent's final roster for a match.

### 2.2.2 Insufficient number of players and a stand-in player

If a team is not able to have five players participating in a particular match, including through calling substitute players, or with its coach stepping-in, the team can exceptionally request to play with a stand-in player. A "stand-in player" is a person exceptionally authorized to compete with a team this player is not under contract with, for a limited period of time for the sole purpose of avoiding the team from being disqualified for breach of the team composition requirements. Authorization for a team to compete with a stand-in player is always subject to approval of Ubisoft and META and is subject to the following limitations:

- If a stand-in player is used more than twice during the duration of the Benelux Cup, that team will automatically lose their fair-play fee.
- Stand-in players must meet all eligibility requirements other roster players do. Exceptions can be made for the residence eligibility rule for offline competitions only and subject to the approval of Ubisoft and META in each instance.
- A stand-in player cannot have been registered with another team that has competed, in the last two stages, against the team that player is standing-in for. This applies across all competitions of the Rainbow Six Circuit.

- A stand-in player cannot be registered in the roster of another team that is competing in the same competition he is asked to stand-in for.

### 2.2.3 License spots

On the license sheets each spot is marked with the team position it takes up. To sum this up, each license has: 1x Team Manager, 1x Coach, 1x Analyst, 1x Team Captain, 4x Players and 2x Substitutes.

### 3.4.3 Declining broadcast

Under no circumstances can a player or a team, refuse to have their match broadcasted by Ubisoft or other authorized broadcasters. The broadcast can ONLY be rejected by a member of the administration team (Section 4.1). The players and teams will thus automatically agree to make enough accommodation to make sure the broadcasting can take place.

### 3.4.4 Player interviews

During the broadcast a team member will be asked to deliver an interview on stream. A team is in no way allowed to decline that request. The person delivering the interview should have a decent audio and video setup so the quality of the interview is sufficient to show on stream. It is expected that all players use a webcam and a microphone during interviews.

eligibility. Ubisoft or META BV have the right to request a scan of the ID method (passport, driver's license or ID card) or video call to confirm eligibility.

### 3.6.2 Regional Limitations

Teams must follow roster specifications according to section 2.1.1, meaning they either need to have a majority roster resident in the Benelux region with the remaining players being resident in Europe, or have the legal entity based inside of the Benelux region (If the organization is permitted to partake by Ubisoft NL and EMEA) and have 2 players resident in the Benelux region with the remaining players being resident in Europe.

#### 3.6.2.1 Home Country / Residence

A player's residency is the country where their main place of residence is located. For an Organization, the country where their HQ is legally based is considered their home country.

### 3.6.3 Numbers of teams per organization

Each organization can only have one (1) team in the entire European circuit. This is introduced in the sense of sportsmanship and legality of the competition. As stated in section 2.1 an organization can only swap from one regional tournament to another, at the end of an esports year. However, the same line-up can be active across multiple tiers of the circuit.

If a team decides to have more than one (1) team active in the European circuit, disqualifications of these teams will follow from the current season(s).

### 3.6.4 Requirements to start with the competition

Teams who have been invited to either the Group Stages or the Qualifier Playoffs due to their final placement in the Open Qualifiers or the previous season must consist of at least five (5) main players and up to 3 substitute players.

### 3.6.5 Requirements to remain in the competition

Three (3) out of Five (5) main players need to be members of the team till the end of the season to be allowed to play during the Rainbow Six Benelux Cup. If at any point this restriction is not fulfilled, the team will lose its spot in the Rainbow Six Benelux Cup. With this all members of said team may receive a competitive ban for the next season of Benelux League (Season 7)

## 3.7 Player changes

### 3.6.1 Adding a new player before the Group Stages

Before the start of the Benelux Cup Group Stages, each license can replace up to 3 players on the roster. After the Group Stages have started, no further roster changes are allowed.

### 3.6.2 Contracted players

If an organization contracts a player, details of this contract are to be sent to Ubisoft NL contact points outlined in section 3.1, this is to ensure that as soon as a global contract database goes live, we are able to provide proper information to said database. The information needing to be sent to Ubisoft NL is either the entire contract or a summary listing the following:

- Name of the player
- Salary

- Duration of the contract
- Special clauses
- Buyout

If this is not done correctly, Ubisoft reserves the right to award minor offenses or prize money deduction to the team.

### 3.6.3 Multiple contracts

It is strictly forbidden for a player active within the Rainbow Six Benelux Cup to have a contract or agreement with 2 or more teams active within the Rainbow 6 Esports circuit (Nationals, Challenger and European league). If such contract or agreement is found to be in existence, Ubisoft reserves the right to bar the player from playing any more matches until the situation has been resolved. If the situation cannot be resolved, Ubisoft reserves the right to remove said player from the competition or take the licenses of said organizations away.

### 3.6.4 Line-up restrictions

Each team must maintain the majority or entire roster across stages which means:

- Bring the majority from Open Qualifiers to Qualifier Playoffs
- Bring the majority from Qualifier Playoffs to Group Stages
- Bring the entire roster from Group Stages to Finals

If these requirements are not met, Ubisoft has the right to revoke the license in question.

## 4. Qualification

### 4.1 Qualification into the Rainbow Six Benelux Cup

To qualify for the Rainbow Six Benelux Cup, you have to go through either option:

- Get invited by Ubisoft, by participating in the Benelux League S6
- Qualify through the Open Qualifiers

### 4.2 Qualification Process

#### 4.2.1 Direct Invite

Ubisoft decides which teams will get a direct invite to the Benelux Cup.

#### 4.2.2 Qualifier Playoffs

The Qualifier Playoffs are the last hurdle to qualify to the Rainbow Six Benelux Cup, the format will be double elimination BO3, and will hold up to 8 teams.

Normally the top three (3) of the Qualifier Playoffs will qualify for the Group Stages, however, if teams who receive the direct invite to the group stages, have not filled in a license sheet, this number may increase with the same numbers as teams not filling in the license sheet.

#### 4.2.3 Open Qualifiers

There will be 2 Open Qualifiers, each spread over two days. All teams are allowed to sign up for these Open Qualifiers as long as they follow the rules described in section 1. Teams who qualify for the Qualifier Playoffs in Qualifier 1 may no longer participate in Qualifier 2. These Open Qualifiers will all be a double elimination best-of-one format.

## 4.3 Prize Money

All prize money should ideally be paid out within 30 days after the conclusion of the Rainbow Six Benelux Cup (This means finals). However, it can take up to 60 days. The license holder will claim their prize funds via a web form that will be emailed to the winning teams. All teams that receive prize money should be a registered company, otherwise Ubisoft might be unable to transfer the prize money.

### 4.3.1 Prize deductions

Every offense a team acquires during an event or its qualifiers is penalized with a prize money deduction. These deductions are as listed below:

- For each Minor offense a 3% overall prize money deduction will occur.
- For each Major offense a 100% overall prize money deduction will occur.

The deduction is calculated out of the grand total of prize money awarded to the participant at the end of the offline or online event in question, including both online and offline won prizes, but excluding any expenses that are to be provided by Ubisoft or META BV.

Next to this, additional deductions can occur if other rules described in this rulebook are broken.

### 4.3.2 Withdrawal of Prize Money

If the prize money for the Rainbow Six Benelux Cup or other tournaments have not been paid out yet, Ubisoft reserves the right to cancel any pending payment if any evidence of fraud, foul play or match fixing have been discovered.

### 4.3.3 Transferring Prize Money

The prize money will be sent via a bank transfer as specified by the License holder. Failure to provide enough information for the payments to be completed will result in payments not being made. If a participant has not collected or redeemed their winnings within two (2) months of the conclusion of a season, the winnings will be forfeited.

### 4.3.4 Prize money distribution

The total prize money available will be **€10.000**.

#### 4.3.4.1 Group Stages

To promote teams in participating and finishing the group stages in a fair and competitive way, a €2000, - fair play fee will be distributed between the teams who behave in a sportsmanlike manner and complete the entire league.

- **Match Media**

Each playing participant is required to upload his MOSS files on the tournament website, as a form of anti-cheat. Failing to do so will award the team a minor offense. Next to this the player will be warned, by a second warning within the group stage the player will be suspended for the next official match-up. Also note that the player is still urged to upload his MOSS files to the designated online environment after the warning has been given off, failing to do so can lead into suspension for the next official match.

### 5.13 Leaving the Benelux Cup

- **Deletion of matches**

All matches involving the teams that have left, disbanded, got disqualified or had their license revoked before the end of the event and/or season will have their matches deleted/removed. Ubisoft will decide what happens with the group in which the teams was planned to play.

### 5.14 Match Start

- **Punctuality**

All matches in the Rainbow 6 Benelux Cup should start at the time stated on the website. All participants need to be standing by 10 minutes before the match starts (in case when it's the first match of the evening) or by the time the match prior to the participants match have started.

To visualize:

- TEAM A and B be ready 10 minutes before match start.
- TEAM C and D be ready when the second map of the first match starts

This way we want to ensure a fast and fluent broadcast.

When there is no specific time stated (ex. qualifiers and qualifier playoffs), matches should be played as soon as the bracket is live. For second round and all the rounds after: a match should start as soon as both teams finished their previous match. When the bracket is spread over two days, all matches who can start before 11pm need to start. After 11pm both teams can agree to still play the match or to postpone it to the next play day. After 12am there will be no more admin support. If a team wants to reschedule, this needs to be approved by all teams in question, and the tournament director.

When teams stumble upon a problem when there is no more admin support. They both need to

clarify the problem in the “support” text channel in the [Discord](#). The admin or tournament administration will follow upon it the next day.

- **Delaying the match-up**

If teams are not ready within the time stated in 3.17.1, and thus the match will have a delayed start, one minor offense will be awarded to the team in question. For each 5 minutes the team is delaying the broadcast, an extra 1% deduction in prize money will be awarded. If said team is not ready 20 minutes past the moment when the timer started, they will be awarded a no-show. This means that the match will automatically end in a 2-0 for the opposing team, and an additional 3% of deduction will be added. This means not showing up to a match will result in: **1 Minor offense (3% deduction) and an additional 7% of deduction** (4x1% for 5 minutes late, and an additional 3% for the no-show)

- **Timer**

The timer will start 5 minutes after the initial invites have been sent by the observer. After this point every 5 minutes will count as delay.

- **Exception**

In case of a match ending up in a no-show, the participants for the next match-up will get an additional 20 minutes to get ready for the match. Meaning that 25 minutes after the first invite has been send out the delay timer will start.
